2016 Harvest Notes

Although we did not get as much rain as we had hoped for, we did get close to 15 inches, and we are anticipating the best crop in the last five years of drought. The grapes are ripening up about two weeks earlier than normal, and the warm, dry weather all summer will make this an excellent vintage. The Old Casteel Vineyard in particular is looking great and should yield enough fruit to bottle 250 to 300 cases, the most ever!

SUMMER SPECIAL!

Order any amount of wine and we will ship for only one dollar!!!

TASTING ROOM STATUS

Our on again, off again plans to open a tasting room are finally coming to fruition! Instead of downtown Paso Robles, we have decided to locate at the Templeton Tennis Ranch, a lovely new facility just south of town, on a tranquil wooded property with a clubhouse, fitness center, sauna and a gorgeous outdoor barbecue area where you can sip wine and relax in the shade. They are winding up the permit process with the ABC, and should be serving wine very shortly! [Templeton Tennis Ranch](#)
